V-CRUISE 125C FEATURES

INNOVATIVE DIGITAL INSTRUMENT DISPLAY

The central gauge intelligently displays multiple metrics within the same unit so you can enjoy the aesthetics as much as its ease of use.

FULL LED LIGHTING

Road illumination is an all-LED affair, starting at the front with a multi-element headlight. The circular daytime-running light, the low beam, and the high beam are positioned on different levels to project a complex visual impact. The taillight and turn signals are also LED, in the form of classic minimalist bullet lights.

V-TWIN ENGINE

At the heart of the cruiser is the coveted V-twin engine, 125cc. Liquid cooling, electronic fuel injection, and multiple valves push impressive power and torque figures into this modern engine. A 6-speed gearbox ensures the right gear even at higher cruising speeds, and the 2-into-1 exhaust ensures the right sound - always.

POWERFUL DISC BRAKES

The large-diameter disc brake rotors inspire confident and responsive braking, measuring 300mm at the front and 240mm in the rear.

REAR LAMP

Aesthetics shine bright on this model and its throwback rear light— be seen and stand out among the crowd.

PREMIUM STITCHED DOUBLE SEAT

High-quality stitching and swooping shape ensure all-day comfort on long rides. The rear passenger perch means there's plenty of room for a partner.

DUAL REAR SHOCKS

High-performance dual rear shock absorbers soak up the bumps and pesky potholes as you ride.

FUEL TANK

Moulded insert compliments the smooth custom shape of the Fuel Tank

ADJUSTABLE REAR SHOCKS

Adjustable Twin Rear Shocks
